Subject: Cadmus Contract for Dewey Burdock Permitting Support (WA 3-96)

Hi Bill: I am requesting some assistance on the above Work Assignment. Specifically, our COR believes we have provided everything necessary to Nancy Parrotta to process our contractual paperwork so that we can soon begin to access Cadmus' hours for this high priority R8 permitting action. Nancy has been very responsive in the past, so it is only recently that we have not received a response in our repeated attempts to contact her.

Would you or someone else be willing to reach out to her so we know when we can expect to hear from her? We also would be willing to work with her alternate is that would be more appropriate.

Thanks!
